

2018 CAET 37th National Conference Educational Program

Turn Knowledge into Action

EDUCATION IN SPECIALIZED WOUND, OSTOMY & CONTINENCE CARE

MAY 3-6, 2018 - VICTORIA CONFERENCE CENTRE - VICTORIA, B.C.

CAET 2018 Conference Objectives:

At the end of the conference, participants will be able to:

Engage new networks to share best practices in wound, ostomy and continence care and learn from hospital and community-based initiatives;

Apply an enhanced understanding of culturally competent care and the role of traditional health and healing practices in Indigenous communities;

Strengthen research interpretation and development;

Demonstrate links between ET Nurses and other healthcare professionals to identify strategies for integrated responses;

Discuss the implementation of International Best Practice Guidelines for Incontinence Associated Dermatitis;

Develop an increased awareness of unique needs in the Canadian healthcare system such as the appreciation of diversity and needs of transgendered people; and

Apply new knowledge and skills in compression, conservative sharp wound debridement and advanced negative pressure wound therapy through hands on workshops.
